MY DESIGN FILE LINKS (FIGMA LINKS)

1. Project 1:- [Project 1 (Urbanic Responsive View)](#)
   I have designed a desktop view of the Urbanic (clothing store website) since only mobile view is available.

2. Project 2:- [Poster for a Coding Event 'ENCODE2.0'](#)
   This is a poster for a coding event 'ENCODE 2.0' which was held at our college and organized by Iot lab.

3. Project 3:-[Research work Portal login Page](#)
   These are the login pages which I had designed for the blood donation portal (research work project)
